SUMMARY

Automation and AI Engineer with experience building backend applications using Python and FastAPI. Skilled in API development, object-oriented programming, workflow automation concepts, and integrating AI services into practical solutions. Passionate about leveraging technology to improve business processes and create efficient software systems.

TECHNICAL SKILLS

Languages:

Python | SQL

Backend Development:

FastAPI | REST APIs | JSON

AI & Automation:

AI API Integration | Document Processing | Workflow Automation | Prompt Engineering

Tools:

Git | GitHub | SQLite

PROJECTS

Enterprise AI Document Assistant

Python, FastAPI, AI APIs, SQLite

Built a document assistant that allows users to upload business documents and interact with them using natural language questions.

Key Features:

- Document upload and processing
- AI-powered question answering
- Automated document summarization
- REST API architecture
- Persistent data storage

Task Management System

Python, OOP

Developed a command-line task management application supporting task creation, prioritization, sorting, and deletion.

Key Features:

- Object-oriented design
- Priority management
- Task sorting
- Data organization

EXPERIENCE

10/2024 - 09/2025 | Game Developer (National Service) | Leti Arts

- Contributed to a studio project (Puzzle Scout) in the dual role of developer and technical documentation lead.
- Led the developing and publishing of HTML5 games to monetization sites, expanding their reach.
- Facilitated and mentored a group of students in the Games for Change Challenge, where their video game project won in its category.

08/2023 - 12/2023 | Game Developer (Intern) | Leti Arts

- Served as a game development tutor for the Institute of ICT Professionals Ghana (IIPGH), mentoring a cohort of 5 students.
- Provided introductory Godot game development tutoring to students from Ashesi University as part of their semester Game Development Course.
- Collaborated in a two-person development team to replicate Rocket Bot Royale, a multiplayer game by WinterPixel Games.

EDUCATION AND TRAINING

01/2020 - 09/2024

BSc. Computer Science: Computer Science

University of Cape Coast - Cape Coast, Central Region - Ghana

09/2016 - 05/2019

General Science

Abuakwa State College - Kibi, Eastern Region - Ghana
